DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Prindle (4,317,284). Prindle teaches a kitchen utensil comprising a handle and a tool for handling food products. The kitchen utensil is one single piece of plate-like material and is capable of using for barbecue. The utensil can be arranged with their handles in stacking conditions so as to form a compact unity of the kitchen utensil set. See Figs. 1-5. Prindle also teaches that the utensil may be made of stainless steel or synthetic polymer plastic. See col. 3, lines 10-15.

Response to Arguments

3. Applicant's arguments filed 02/09/2004 have been fully considered but they are not persuasive. The Applicant argues that Prindle (4,317,284) does not teach a V-shaped cross section or a U-shaped cross section. The Examiner respectfully disagrees. The Applicant does not specify the direction of the cross section. The handle appears to have a V-shaped cross section along the length of the utensil. See Fig. 3.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
